

Get Started With TAVNEOS[®] (avacopan)

The TAVNEOS Connect patient support program is designed to help you start and stay on TAVNEOS

The TAVNEOS Connect Team is here to:

- Help you understand your insurance benefits and assist eligible patients with their copay
- Offer resources to help you learn about your therapy
- Connect you with patient communities that can support you during your treatment journey
- Provide medication to eligible patients who do not have insurance and meet other program criteria

There are 3 easy steps to get started:

STEP 1

Your doctor and their support staff will submit your prescription to the TAVNEOS Connect Team, or directly to a specialty pharmacy that dispenses TAVNEOS. Both the TAVNEOS Connect Team and the specialty pharmacy can help you gain access to TAVNEOS.

STEP 2

Look out for a call from an unfamiliar phone number.

It may be the TAVNEOS Connect Team or your specialty pharmacy calling about your TAVNEOS prescription.

If you are not available to answer, they may leave a general message requesting you “call back about your prescription”. It’s important to respond quickly to avoid delays.

Possible numbers:

1-833-828-6367

1-866-930-4146

1-402-896-5000

1-855-801-0694

STEP 3

Once your prescription for TAVNEOS can be dispensed, the specialty pharmacy will contact you to schedule delivery directly to your home. The pharmacy must speak with you before shipping your TAVNEOS, so please watch for this important call.
